Dimensions

Note: The flush-mounted socket is not included in the delivery.

► FEATURES

- Display of the measured room temperature in °C
- Adjustment of target temperature via +/- touch fields
- Visual feedback on set modes via light intensity and colour
- Automatic display dimming depending on the ambient lightning
- Proximity detection for illumination of the touch fields
- 3 fan stages adjustable via touch fields
- Automatic fan-stage selection via Auto touch field
- Economy mode for energy-saving standard settings
- Cleaning function to clean the touch panel without activating touch fields

TECHNICAL DATA

Voltage supply	12 V DC external
Max. power input	2.5 W
Max. power consumption	200 mA at 12 V DC
Ambient temperature	+10 to +55 °C
IP protection class	50
Interface	RS485
Dimensions of glass panel (with frame) H x W x D	100 x 100 x 13 mm
Material	Glass
Colour	Standard: Jet black (RAL 9005) (further colours on request)
Mounting	Flush-mounted or cavity-wall socket

Installation example
